

Assembly Instructions

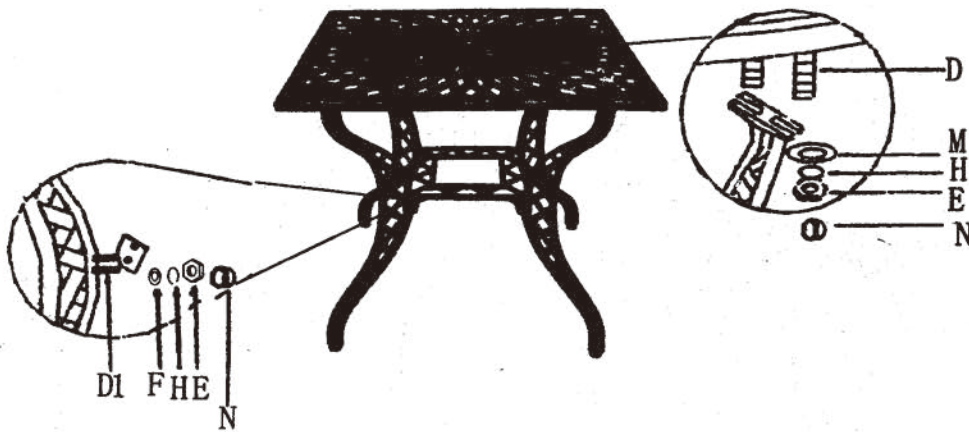

CAUTION

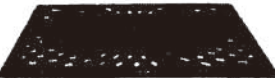

Please read these instructions carefully before assembly.

Assemble product on clean soft surface, such as a piece of carpet, so as not to scratch the finish of the product.

Identify all parts packed in carton against the parts list. Remove all protective material carefully to avoid cutting the surface of the furniture while removing the bubble wrap.

Please do not over tighten because aluminum is a soft metal and over tightening may strip threads or break parts. Tighten all nuts with your fingers first. Then tighten with a spanner or socket to finish assembly.

Parts	Description	Quantity	Parts	Description	Quantity
A 	Tabletop	1	D  8X35	Stud	8
