

ASSEMBLY INSTRUCTIONS

CAUTION

Please read these instructions carefully before assembly.

Assemble products on a clean soft surface, such as a piece of carpet, so as not to scratch the finish of the product. Identify all parts packed in the carton against the parts list. Remove all protective material carefully to avoid cutting.

The surface of the furniture while removing the bubble wrap.

Please do not over-tighten because aluminum is a soft metal and over-tightening may strip threads or break parts. Tighten all nuts with your fingers first, then tighten with a spanner or socket to finish assembly.
